

PRESS RELEASE!!!! December 2008

AP Dog Training of Richmond, Virginia is delighted to announce that the launch of their new product,

**Puppy
Bumpers**

Patent Pending

has been very successful! For this reason, we have decided to donate a portion of each sale to ASK, a group giving support to families of children with cancer. Our little model, Daisy and her brother Rocky visit with the kids at the clinic every Friday morning and we'd like to do something for these awesome kids!

PUPPY BUMPERS are darling, stylish collars that are designed to keep tiny dogs and puppies from slipping out between balcony rails or under gates! They are made of cotton material and stuffed with Polyester Fiber so they are light and comfortable. Coordinating ribbon loops slip easily over existing collar. There are six color options available plus the new *Holiday Line* at www.PuppyBumpers.net. or contact us at:

PuppyBumpers@gmail.com or (804) 512-2553

Suggested retail price \$19.95
